<b>Frontend Example.....</b>	<b>8</b>

## Preface

- Simple Configurable product extension will provide a simple interface and display simple product as a configurable product selected swatch.
- Select an associated item of configurable product, which you would like to show by default.
- Based on swatch changes, product sku,name,price,url and description will be changed without a page load.
- User Friendly and flexible configuration.
- Compatible with Most of the Browser.

## Installation:

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually install extension.

**Option 1:** Magento 2 install extension using COMMAND LINE (Recommended).

Follow below steps to install extension from the command line.

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory.  
If code directory does not exists then create.

**Step 3:** Disable the cache under System → Cache Management.

**Step 4:** Enter the following at the command line:  
`php bin/magento setup:upgrade`  
`php bin/magento setup:static-content:deploy`

**Step 5:** Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Simple configurable product. The module will be displayed in the admin panel.

**Option 2:** Magento 2 install extension manually.

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory.  
If code directory does not exists then create.

**Step 3:** Disable the cache under System → Cache Management Edit  
app/etc/config.php file and add one line code: 'Mageants\_Simple  
configurable product' → 1

**Step 4:** Disable the cache under System → Cache Management

**Step 5:** Once you complete above steps log out and log in back to the  
admin panel and switch to Stores → Configuration → Mageants →  
Simple configurable product, the module will be displayed in the admin  
panel.

## Backend example

After Installation of Extension login to magento admin panel to set configuration of the extension.

## Extension Configuration
